Danné Montague-King®

WIN } a weekend getaway With DMK Enzyme Therapy

Enzyme Therapy is a facial treatment designed to work in conjunction with the skin's natural processes and encourages the skin to function like it did when it was young.

Skin that functions correctly is healthy and beautiful, while poor skin function contributes to wrinkles, fine lines, premature aging, pigmentation, blackheads, and break outs.

Enzymes are nature's biological catalysts that instigate change in the skin's cellular functions. DMK Enzyme Therapy mimics the way skin functions in order to recreate the ideal environment for healthy skin to thrive.

DMK's signature Enzyme Therapy facial can aid in:

- Enhancing collagen production
- Flushing fresh blood and nutrients throughout the skin network
- Improving lymphatic drainage to detoxify the skin
- Strengthening and rebuilding the skin's underlying structures
- Minimising post-surgery downtime.
- Perfecting the way skin functions.

HOW?

With every Enzyme Therapy treatment you have between 1st September and 30th November, you will receive an entry into the draw to win a weekend getaway to Adelaide Hills, including hotel accommodation and a full breakfast.

The more treatments you have, the better your chance of winning!

Terms & Conditions The competition will run from 1st September – 30th November 2010. The competition will be drawn and winner announced on 15th December. The prize consists of a 2-night, weekend getaway (bed & breakfast). The SA winner will receive accommodation at the Grand Mecure Mount Lofty House in the Adelaide Hills, plus a full breakfast. The competition is run in all states, and each state will have an individual winner, except TAS/VIC will be combined (TAS winner vacations in VIC). Winners will be drawn by lottery – at random
